

CUBE Disc Brake Pad Avid Elixir sintered

Product price:

19,95 € tax included

Product attributes:

Specification: Disc brake

Product description:

These coverings have the reputation of a longer durability and a good hot braking response but also a high wear of the brake disc and a high vulnerability for noise generation. For use in the downhill or freeride field.

coloured features good hot braking characteristics - braking force builds up quickly; ideally suitable for freeride / downhill use; fast and strong grip; powerful; mix of materials vulnerable to noise generation materials sintered weight 38 g
