## **Product description:**

CUBE BLACKLINE Jersey long sleeve  
black 'n' white 'n' grey

Our new long-sleeve CUBE Blackline Jersey is a forward-looking piece that offers you superb functionality on cooler days. Perfectly suited for cycling – no compromises. CUBE's athletic v-shape cut has clever lines to keep your shoulders loose so you have room to move while the torso and waste stay nice and snug. To safely and securely carry all your belongings, the pockets are fully integrated into the jersey and made of special reinforced material. The full-length zip with zipper garage makes it easier to put on and take off, and the quick-drying material with brushed inner provides maximum comfort. High-tech features of this premium jersey include the non-slip, printed silicone hem, soft, elasticated sleeve trim, extra-long back, reinforced three-compartment back pocket (with small, waterproof zip pocket) and reflective accents to keep you safe.

colorblack 'n' white 'n' greyfeaturesCUBE V-shape for perfect freedom of movement; soft elastic sleeve cuffs; inner hem with silicone tape; full zip with garage; longer back; reinforced rear pocket with three compartments; waterproof zip-pocket at the back; light and quick-drying peached material; reflective elementssizeS-XXXLmaterial81% polyester, 19% elastane
