

# Cube Hanzz 190 Race 27.5 pinetree ´n ´orange 2019

**Product price:**

**2 199,00 € tax  
included**

**Product attributes:**

Frame Size: 20", 18", 16"  
Radgröße: 27,5"

Frame: Full Suspension

## **Product description:**

Cube Hanzz 190 Race 27.5 pinetree ´n ´orange 2019

Meet the Hanzz 190 Race: our affordable, capable and bomb-proof bike park playmate, slopestyle competitor and downhill racer. With a short geometry specifically designed to maximise the fun factor, it's a robust chassis that'll take whatever you throw at it. The single crown 180mm Suntour Durolux RC fork and Fox Van RC shock work together to absorb the hits so that you can attack the trail hard and fast. And, with a Shimano Deore 10 speed transmission, Magura MT5 brakes and Answer Atac Duroc 30 wheels, you can shred safe in the knowledge that we've chosen components that won't let you down. Bring on the gnar, because the Hanzz 190 Race is ready. Are you?

We've got long experience in building strong, durable aluminium frames - and we put all that know-how into the Hanzz 190 Race. Starting with our High Performance Aluminium (HPA) tubes, we built them into a frame that's specifically designed to handle the harshest of riding conditions without flinching. Mechanically formed tubes allowed our engineers to build in extra strength and rigidity where it's needed most, while a threaded bottom bracket and external cable routing keeps things simple and easy to maintain. At the rear, the seat stays are designed for the 180mm fork and run down to a 157mm width thru axle. As with all our frames, it's passed our stringent in-house torture testing with flying colours. You can rely on the Hanzz 190 Race - it's got your back.

- **frame** Aluminium Light, Advanced Mechanical Forming, FSP 4-Link, ISCG Mount
- **colour** pinetree ´n ´orange
- **size** 16", 18", 20"
- **fork** Suntour Durolux RC, 20x110mm, Tapered, 180mm
- **shock** Fox Van RC Performance, 222x70mm, Rebound & Low Speed Compression Adjust

- 
- **shock hardware** Front: 22x8mm, Rear: 22x8mm
  - **headset** FSA 1.5E ZS, Tapered, Top Zero-Stack 1 1/8" (OD 44mm), Bottom Zero-Stack 1 1/2" (OD 56mm)
  - **stem** Race Face Aeffect R 35
  - **handlebar** Race Face Chester 35, 780mm
  - **grips** SDG Slater
  - **rear derailleur** Shimano Deore RD-M6000-DSGS, ShadowPlus, 10-Speed, Direct Mount
  - **chain guide** MRP SXG Chain Guide
  - **shifters** Shimano Deore SL-M6000, Rapidfire-Plus
  - **brake system** Magura MT5, Hydr. Disc Brake (203/180)
  - **crankset** e\*thirteen LG1 32T, 170mm
  - **cassette** Shimano Deore CS-HG500, 11-42T
  - **chain** KMC X10
  - **wheelset** Answer Atac Duroc 30, 20x110mm / 12x157mm, Tubeless Ready
  - **tyres** Schwalbe Hans Dampf, Addix Performance, Kevlar, 2.35
  - **saddle** SDG FLY MTN 2
  - **seat post** CUBE Performance Post, 31.6mm
  - **seatclamp** CUBE Varioclose, 34.9mm
  - **extras** Syntace 157mm X12 Axle
  - **weight** 15,4 kg
