

Cube Nuroad Pro FE grey´n´black 2019

Product price:

**1 099,00 € tax
included**

Product attributes:

Frame Size: 56cm, 53cm, 58cm, 61cm, 50cm

Product description:

Cube Nuroad Pro FE grey´n´black 2019

There's more than one way to build a versatile, go-almost-anywhere bike. But sometimes the simplest solutions are the best. For the Nuroad Pro FE we took the proven benefits of our Nuroad Pro - stable handling, rugged design, allroad capability - and added a full complement of accessories to make it tour- or commuter-ready. So there's a sturdy rear luggage carrier, full length SKS Gravel mudguards and a front and rear lighting system. Combined with the powerful Tektro Spyre mechanical disc brakes, reliable Shimano Tiagra 10 speed transmission and grippy, durable Schwalbe G-One Speed tyres, it's all you need for taking everything from the daily commute to multi-day touring trips in your stride.

Blending the speed of a road bike with the rugged ability of a cyclocross bike might sound simple but, as our designers know, the devil really is in the detail. For example, the Nuroad Pro FE has enough frame and fork clearance to run 40mm tyres and mudguards, so you can pick the right tyre for the job. We routed cables inside the frame, to make them almost impervious to the effects of water, mud and grit - which means your gears will keep shifting cleanly, ride after ride after ride, even in terrible weather conditions. A replaceable gear hanger means that a mishap needn't result in an expensive frame repair, and carbon fork blades save weight and help filter out vibration for a more comfortable ride. As for the geometry, it blends the comfort, stability and agility of our road-going Attain bikes, but uses the same sizing as our off-road Cross Race series. It really is the best of both worlds.

- **frame** Aluminium 6061 T6 Superlite, Gravel Comfort Geometry, Flat Mount Disc, Fender & Rack Option, 12x142mm, AXH
- **colour** grey´n´black
- **size** 50, 53, 56, 58, 61

-
- **fork** CUBE Nuroad Disc, One Piece 3D-Forged Steerer/Crown, Carbon Blades, 1 1/8" - 1 1/2" Tapered, Flat Mount, 12x100mm
 - **headset** FSA Orbit Z-t ECO, Top Zero-Stack 1 1/8" (OD 44mm), Bottom Integrated 1 1/2"
