

# Cube Nature EXC black´n´grey 2019

**Product price:**

**699,00 € tax included**

**Product attributes:**

Frame Size: 58cm, 46cm, 50cm, 62cm, Trapeze  
46 cm, Trapeze 50 cm, Trapeze 54 cm, 54cm

## Product description:

Cube Nature EXC black´n´grey 2019

If you enjoy exploring off the beaten path, our Nature EXC is designed with you in mind. We gave our design team a brief to build a sporty, reliable bike with well-balanced handling, great equipment and the best possible safety. It's fair to say that they delivered, and then some. With its high quality, lightweight aluminium frame, lockout-equipped Suntour suspension fork and 3x10 Shimano transmission, this is a bike that simply excels. We even fitted hydraulic disc brakes, so you can be assured of safe stopping no matter what the weather decides to put your way. Whether you use it for fitness and fun, or as a workhorse companion to the challenges thrown up by everyday life, the Nature EXC will get you there in style and comfort.

Newly refined for 2019, we're proud to boast that the Nature EXC has one of the stiffest and lightest frames in its class. The double butted aluminium tubes - thinner where they can be, thicker where they need to be - ensure that the bike is light without compromising stability, strength or safety. Redesigned luggage carrier and mudguard mounts are even neater than before, meaning you can fit the accessories you need without spoiling the looks of your bike. Cables routed inside the down tube complement the frame's clean looks and provide superb long-term gear shifting precision, so you don't have to worry about maintenance. Light, comfortable, versatile and elegant: that's the Nature EXC.
