

# Cube Access Hybrid EXC 500 blue´n´coral 2019

**Product price:**

**2 499,00 € tax  
included**

**Product attributes:**

Frame Size: 16", 18", 19", 17"  
Radgröße: 27,5", 29"

Antrieb: Bosch  
Frame: Hard Tail MTB

## **Product description:**

Cube Access Hybrid EXC 500 blue´n´coral 2019

At CUBE we never stop exploring, questioning and seeking out new adventures. If that sounds like you, the Access Hybrid EXC should be right up your street. Built around the sleek, powerful Bosch PowerTube battery and CX drive unit, it's a beautiful manifestation of our need to get out and ride - a Bosch e-bike for the adventurous in spirit. Clever features like an easy dropper post upgrade option, in-frame charging and battery cover to protect from trail debris mean you're ready for anything. Shimano's reliable 10 speed gears work seamlessly with the Bosch system to give you the power to take on any trail or hill, there's a comfortable suspension fork and strong hydraulic disc brakes enable you to stop reliably in all weathers. And the best part? Our clever Size Split system means that every woman can find her perfect size. What are you waiting for?

Appearances can be deceptive - and the Access Hybrid EXC's sleek, elegant lines are certainly going to deceive some people. The Bosch drive unit and battery are cunningly hidden inside the masterpiece of engineering that is the one piece, gravity cast down tube. But it's not just about looks, because it's also an immensely strong backbone onto which our engineers have crafted the rest of the frame's features. From the steering-enhancing tapered head tube to the efficiency-boosting Boost rear axle, it's all designed to work with our Agile Ride Geometry to deliver a lively, stable and confidence-inspiring experience on the trail. Internally routed cables reduce maintenance worries and keep your gear shifts clean and accurate, and we've even found room for a bottle cage mount for longer excursions into the hills. It's ready. Are you?

- **frame** Aluminium Superlite, Gravity Casting, Agile Ride Geometry, Tapered Headtube, Boost 148, Internal Cable Routing, Full Integrated Battery

- 
- **colour** blue ´n´coral
  - **size** Size Split: 27.5: 16", 18" // 29: 17", 19"
