

Cube Elly Cruise Hybrid 500 pistachio´n´blue 2019

Product price:

**2 399,00 € tax
included**

Product attributes:

Frame Size: Easy Entry 50 cm, Easy Entry 54 cm, Easy Entry 42 cm, Easy Entry 46 cm

Antrieb: Bosch
Frame: Trekking & Urban

Product description:

Cube Elly Cruise Hybrid 500 pistachio´n´blue 2019

Our Elly Cruise Hybrid is defined by the distinctive, fresh design language of both frame and components. Elegant and understated, it's a modern classic that you'll be proud to be seen on. But don't judge it just by its looks, because this Bosch e-bike also boasts a high quality and innovative frame with built-in luggage rack, Bosch's benchmark drive technology and a host of versatile, reliable features aimed at making your cycling both safe and fun. From the powerful hydraulic rim brakes to the comfortable suspension fork, reliable and easy-to-use Shimano 7 speed hub gears and beautifully thought out finishing details, the Elly Cruise Hybrid is a class act.

As interested as they are in producing beautiful frames, our engineers also know how important it is to get the technical aspects right. With the Elly Cruise Hybrid they've combined elegant, almost minimalist looks with a stiffness and strength that's the foundation of a safe bike that handles intuitively. Built around the strong, hydroformed down tube, the CUBE design team has made it as easy as possible to step in and out of the Elly. The integrated luggage carrier doesn't just complement the frame's looks, it's also very stiff and a fantastically practical and secure way of carrying your belongings. We even routed the cables inside the frame, which makes gear shifting smoother and helps keep things neat and tidy.
