Product description:

Bell HUB - ROAD CHIC Bicycle commuters are anything but cowards. With special equipment, the motivation for the daily adventure increases in addition. The hub has features similar to our top sports helmets in a design suitable for everyday use. Overbrow ventilation reduces sweat on the way to work. The Float Fit adjustment system works easily, safely and harmonizes with eyewear. It will be even more practical this year with No-Twist Tri-Glides, integrated tail light bracket and weatherproof soft visor. And every style you wear makes the hub a little cooler.
